RE: *U.S. Application Serial No. 10/738,404; Entitled "Selective Anti-VEGF Antibody Prodrug Methods" (As Amended); by Thorpe and Brekken; U.T. Ref.: UTSD:1412-8 US; Peregrine Family: UTS06; Our Temp. Ref.: 3999.002587*

Sir:

In the second Official Action dated December 15, 2006 ("the second Action"), the Office indicates that copies of Exhibits E, F, G, H and I, submitted with Applicants' first response, were not received and were thus not considered (second Action at page 8).

Applicants' records show submission of each of Exhibits A-K with the first response. From Applicants' current review, only Exhibit D appears to be located on PAIR. It can only be deduced that Exhibits A-C and Exhibits E-K became detached from the other materials upon receipt at the Office and were not scanned into the PAIR system. Thus, through no fault of the Applicants or the Examiner, the submitted exhibits did not reach the Examiner.

Presently enclosed to complete the record are electronic copies of Exhibits A-K, each of which were properly and timely submitted with Applicants' original first response.

Applicants will respond to the outstanding second Action within the extendable period for response. Applicants respectfully request consideration of the response to be filed in light of Exhibits A-K, particularly Exhibits E, F, G, H and I, each of which formed an integral part of Applicants' first response.

After Applicants' response to the second Action is filed, should Examiner Joyce have any questions or comments, a telephone call to the undersigned Applicants' representative is earnestly solicited.
